

HAND HYGIENE: FOR A HEALTHY WORKPLACE

You can make it easy for colleagues to practice good hand hygiene and reduce the spread of germs to hands and surfaces by making GOJO® hand soaps and PURELL® hand and surface sanitising solutions accessible in high-touch areas.¹

- PURELL hand sanitisers kill 99.99% of most common germs and are a great way to help prevent the spread of infection in any environment. PURELL Advanced Hygienic Hand Rub is active against Coronavirus (30s).²
- PURELL Antimicrobial Wipes Plus safely and effectively sanitise surfaces and hands.
- PURELL Sanitising Stations are freestanding and ideal for high traffic locations.
- PURELL Surface Sanitising Spray and PURELL Surface Sanitising Wipes are fast acting, fast drying, do not need rinsing after use, and are suitable for use on food contact surfaces. These products passed the Coronavirus (bovine model) EN14476 norm, in 30 seconds.
- GOJO and PURELL Dispensing Systems are easy to service and built to last.
